Requirements for placing practicum postings

MTAM provides for organizations to post supervised student practicum opportunities for the convenience of our student members.

MTAM reserves the right to remove any postings or information that does not meet our requirements. As the professional association representing over 1200 RMTs in Manitoba, MTAM requires that all organizations placing student practicum opportunities on our website agree to our conditions/terms by signing the Agreement Statement below.

Organizations/companies posting student practicum opportunities are expected to support and encourage student therapists to meet their school practicum requirements.

AGREEMENT

We agree to support and encourage a positive learning experience for all students completing a supervised school practicum in our organization. We will do this by supporting and encouraging them to comply with the standards and requirements of their school and their school's practicum program.

Failure to agree will result in your job posting being rejected or withdrawn from the website.
